

## Information Security Certification Readiness

# QIB's Cybersecurity Roadmap: Achieving ISO 27001 Certification and Enhancing Resilience

### CLIENT PROFILE

QIB Group Holdings Pty Ltd, a Queensland-based subsidiary of Steadfast Group Ltd (ASX:SDF), is the largest general insurance broker network in Australasia. Established in 2021, it has grown to become the largest insurance broking group in Queensland. Their team of qualified insurance professionals serves over 50,000 corporate, commercial, and specialty clients across Australia.

### REQUIREMENTS

- ISO 27001 Certification: Achieve certification within 12 months.
- ACSC Essential 8 Compliance: Align with cybersecurity guidelines.
- CPS 234 Resilience: Adhere to APRA standards.
- Enhanced Cyber Resilience: Build trust with stakeholders.

### THE CHALLENGE

To develop and execute a comprehensive cybersecurity strategy for QIB Group Holdings, ensuring ISO 27001 certification, ACSC Essential 8 compliance, and enhanced cyber resilience across people, processes, and technology.

## OUTCOMES

Success in achieving ISO 27001 Certification.

Success in achieving APRA CPS-234 Alignment.

Greater overall cyber resilience across the company.

## SOLUTION

Aryon delivered a comprehensive cybersecurity solution for QIB Group Holdings by conducting a gap analysis, cyber security maturity assessment, and creating a detailed 12-month roadmap. The roadmap covered recommendations for achieving ISO 27001 certification, aligning with APRA CPS-234, and enhancing cyber resilience. Aryon presented these findings to QIB, enabling QIB to proactively manage risks and build trust with stakeholders.

*“We were really pleased with the research work and discovery process Aryon undertook. It saved us a lot of time and complications to get the compliance we needed.”*

- Steven Nurse, Chief Information Officer
